

PRECISION THAT

# POWERS

PERFORMANCE

**SHIV**  
PHARMATECH

# INTRODUCTION

At **Shiv Pharmatech**, we believe that excellence begins with precision. For over a decade, we have been dedicated to engineering **tableting machine spares** that uphold the highest standards of performance, reliability, and consistency.

From product development to process improvement, our focus remains on delivering components that sustain the rhythm of pharmaceutical manufacturing. Every spare part is crafted with care, backed by technical expertise, and tested for durability, ensuring that your machines perform flawlessly, batch after batch.

What sets us apart is our deep understanding of the tableting process. We don't just replace parts, we enhance performance.

---

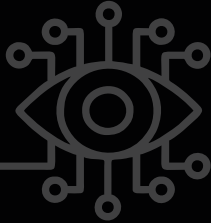

---

# MISSION

To provide innovative, reliable, and cost-effective tableting solutions that strengthen manufacturing efficiency and uphold the quality promise of every tablet produced.

# VISION

To be a trusted global name in pharmaceutical engineering excellence, empowering industries with precision-built spares and sustainable solutions that redefine reliability.

# VALUES

## INTEGRITY

Our foundation is built on honesty, trust, and ethical practices.

## QUALITY

Every product we create reflects our unwavering commitment to precision and performance.

## INNOVATION

We continuously evolve our design and processes to meet modern manufacturing challenges.

## CUSTOMER FOCUS

We listen, understand, and deliver beyond expectations.

## SUSTAINABILITY

We believe in responsible manufacturing that endures and inspires.

# INFRASTRUCTURE

Our **state-of-the-art 7,000 sq. ft. facility in Ahmedabad** is equipped with advanced manufacturing and inspection systems designed for precision engineering. Every stage, from raw material inspection to final testing, is guided by stringent quality protocols.

A team of skilled engineers, technicians, and innovators collaborate under one roof to ensure every part aligns with our core philosophy: quality you can measure, performance you can trust

# OUR INFRASTRUCTURE SUPPORTS

**Comprehensive product  
design and development**

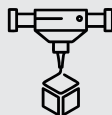

**Load cell calibration and  
AMC services**

**In-house innovation for  
smoother tablet processes**

**Custom-engineered spares  
to address client-specific  
needs**

# PRODUCT RANGE

We offer an extensive range of tableting machine spares and accessories, engineered for precision and durability.

## OUR PRODUCT PORTFOLIO INCLUDES:

- **Die locks, sealing segments, and scrapper bars**
- **Powder & tablet scrappers, feeder assemblies, & bottom plates**
- **Punch cams, rails, and lubrication systems**
- **Wiper seals, guide rings, & special fasteners**
- **Customized nylon brushes, plungers, and cleaning tools**

Every product is a reflection of our engineering excellence, built to ensure uninterrupted production, enhanced equipment life, and flawless tablet quality.
